Why Indonesian People Should Value All Different Cultures

Thesis : Indonesia is a culturally diverse country. Many different religions and cultures from many provinces are now seen living side by side in many places. This is for several reasons.

Argument: The survey has made me sad, actually, because I stay and earn a living here in the capital. As most people know, Tanjung Priok port smuggling is not a new thing at all.

Argument II: Well, I think the measures taken so far to overcome the problem by punishing the corruptors is still not far enough. We have to prevent the younger generation from getting a bad mentality caused by corruption.

Recommendation: I believe we should start at the earliest stage in school and I think every one should be involved in the effort to eradicate corruption. We must not make any distinction.
