## **ACKNOWLEDGEMENT**

First and foremost the praise is addressed to Allah the Almighty, Lord of the world, and the creator of everything in this universe for the blessing, health, and also the incredible inspiration which are very useful for the completion of this final project. The highest and sincere appreciation is also given to Dr. Dwijani Ratnadewi, M.Pd as the first advisor and Waode Hamsia, S.Pd, M.Pd as the second advisor who have given exceptionally guidance, advices, and also motivation continuously. Both of you have much more roles in accomplishment of this research. Without your great and patient guidance it could not be accomplished perfectly.

Furthermore, I present my deepest gratitude to all lecturers of Muhammadiyah University Surabaya who have shared their countless knowledge and experiences, taught many important things and also educated us to be better human for preparation facing the global challenge in the future. Then, the special thank is particularly sent to my beloved parents who always boost and motivate myself to study hard anytime and anywhere in the sake of the success of this research. It is also given to both my younger brothers who are able to wake me up and raise my spirit up when there is no other way.

Additionally, I would like to express the special gratitude to all my friends who always support to each other, give a hand sincerely, and also exchange the view in the sake of the improvement of this research. Finally, the

highest thank is presented to all other sides who can not be mentioned one by one, in which they have an important role in arrangement of this research.

Although the serious and hard efforts have been conducted for the perfection of this research, but I realize that there are many shortcomings so the constructive comments, corrections, and also suggestions are really needed for its emendation.
