

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

#### **5.1 Conclusion**

The result of this research shows that uses picture in teaching speaking can solve the problems that are faced by students. The conclusion drawn from result of the research are as follow:

- 1). By implementating picture in teaching speaking, the students to be active, to be brave, to be more confident, easier to understand English speaking, be able to use grammatical rules and they can speak English fluently and correctly.
- 2). Development of the students' speaking ability can be showedby result of the students speaking ability and interview for the teacher after implementation using picture. The result of the students speaking ability shows that about twenty four students who pass the target score of minimal mastery level criterion (KKM). The result of interview of the teacher after implementation, the general conditions of students in speaking class during implementing the action is better than before. The students' responsesare positive. They not feel boredand more active to follow the teaching learning speaking process.

The students were more active and confident to speak and easy to understand, easy to memorize, and express their feeling. They also admitted that they become active, enjoy, and full of concentration in the classroom.

## **5.2 Suggestion**

Having concluded the result of research, the researcher would like to give some suggestions that hopefully will be useful for the students, and other English teacher or researcher.

### **5.2.1 For the students**

Be aware that speaking is important in English communication, the students should be trained or practice to speaking in anywhere and everywhere

### **5.2.2 For the teacher**

The teacher should learn and be creative to find the way of how to teach speaking using effective method. She must also give motivation and explanation about the importance of speaking in speaking English communication or universal communication.

### **5.2.3 For the other researcher**

The result of the research is expected to be able to encourage other researcher to conduct research dealing with media of picture other subject, such as writing, reading, or listening. Otherwise, they can also study the improvement of speaking ability using other media.
