

CHAPTER V

CONCLISION & SUGGESTION

5.1 CONCLUSION

After the researcher conducted research on the register is done by Bonek, so a researcher can make a conclusion. Register in the classification of Noun word class such as Capo, zero accident, panjang umur perjuangan, forza green force, botol, penyakit, angin, wonge. On the other hand, register in the classification of Adverb word class such as *ngosek*, *ngeyel*, totalitas tanpa batas, low profile high product. On the other word, register in the classification of Verb word class such as *nolop*, *kop*, *chaos*, *nyartok*, estafetan, tret tet tet, *nleser*. On the other hand, register in the classification of Adjective word class such as *ojok goyang* and Persebaya Emosi Jiwaku. In conclude, the researcher find 21 registers used by Bonek.

In addition, from those registers above, the term *ngosek*, *ngeyel*, *nolop/tolop*, *kop* appears as a register in the group of Persebaya supporters, Bonek, due to the response when the Persebaya team was competing on the green field. "Forza Green Force" is the term that appears when a Capo stands on the fence of the stands to lead thousands of Bonek to compactly give support to Persebaya. However, the term "Persebaya Emosi Jiwaku", "Totalitas Tanpa Batas", and "Panjang Umur Perjuangan" which are the object of the struggle to show that Bonek is impossible to stop giving up. Then, there is the word "Low Profile High Product" which means the same as the Indonesian term that yellowing rice will be more crouched. The "estafetan" is used by Bonek when the Persebaya will

take action away outside the city or the island. The initial term is *Tret tet tet* to mark tens of thousands of Bonek greening Senayan in the 1980s. The term *relay* is absorbed from the relay race, which is then absorbed to show that Bonek will get to the destination by riding from truck to truck.

On the other hand, the word *nleser* and *botol* are two related words. The register was to show disgraceful acts committed by people dressed in Bonek to take other people's valuables quietly, neatly and smoothly. And then, *nyartok* is taking other people's items in groups and massive. Usually, it is done to break into supermarkets or shops. On the other word, chaos, *ojok goyang*, *penyakit*, *angin* indicate that conditions are not safe. *Wonge* shows that someone is a "subordinate" of what is meant by *wonge*.

5.2 SUGGESTION

Based on the finding, the readers be able to increase the understanding of register that used by Bonek. On the other hand, for further researcher who has the similar subject are expected to conduct a better study with a better research methodology and more data collection.
