Captain Marvel (2019)

By Benjamin Wilkinson

- keep them back. Minn-Erva?
- Does anybody copy?
I don't wanna hurt you.
Keep back!
Stand back!
They're locals. I found two dead. No green.
They're just starving.
- HGX-78.
- 2RT-79. 8XX.
Get back.
Skrulls!
Vers!
Vers... it's an ambush...
Incoming!
Talk to me. Do you copy?
How did you know the code?
How about I tell you my secret...
...when you tell me yours.
Let's open her up.
- Where are we?
- Standby.
Where's your head at?
In the clouds. Where's yours?
On my shoulders.
About to show these boys how we do it.
You ready?
- Higher, further, faster, baby.
- That's right.
This can't be right.
Go back even further.
You're too fast! You
need to go slow!
Now who is this person?
Are--- are we in the right...
What the hell are you thinking?
You don't belong out here!
I think we went back too far.

Before you go swinging
those jazz-hands around,
making a mess in
your friend's house,
- and... it's a lovely home.
- Oh, my God...
What the hell?!

No one's gonna hurt the girl.
Just, don't kill me.
It would really complicate
the situation.
I'm about 5 seconds from complicating that
wall with some ugly-ass Skrull brains.
I'm sorry I simmed your boss. But now
I stand before you as my true self.
- Without deception.
- And who's that out there?
Okay. That's a fair point.
But I'm sure that
you understand,
I had to take some precautions.
I saw you crush
20 of my best men
with your hands bound.
I just wanna talk.
The last time we talked, I ended
up hanging from my ankles.
That was before I
knew who you were.
Before I knew what made you
different from the others.
I have an audio
recording from Pegasus,
of your voice, from a
plane crash, six years ago.
On a device I believe
you call a "black box".
They told me it was destroyed in the crash.
How'd you get it?
Does she not understand? Young lady
I have a special skill that kinda
allows me to get into places
I'm not supposed to be in.
Call me young lady again, and I'm gonna put

Where was this photograph taken:
- Airport?
- Where's Pegasus?
That's classified. Not unlike
the file I've started on you.
I see you've changed
it up a bit since then.
Grunge is a good look for you.
- Did you have a rough day, Agent Fury?
- It's cool.
You know, had a space
invasion, big car chase...
Got to watch an alien autopsy...
- Typical 9 to 5.
- So you saw one.
I was never one to
believe in aliens...
...but I can't unsee that.
This is gonna get a little
awkward, but I gotta ask...
You think I'm one of
those green things.
Can't be too careful.
You, are looking at 100%
red-blooded Earthman.
I'm afraid I'm gonna need proof.
- We talking cheek swab or urine sample?
- No. The DNA would match.
Want my AOL password?
Skrulls can only sim recent
memories of their hosts' bodies.
You wanna get personal.
- Where were you born?
- Huntsville, Alabama.
But technically I don't
remember that part.
- Name of your first pet?
- Mr. Snoofers.
- Mr. Snoofers?
- That's what I said. Do I pass?
- Not yet. First job?
- Soldier. Straight outta high school.
Left the ranks a full-bird colonel.

they do kinda complete the look.
Don't you think?
- You called it in?
- My bad!
- Coulson! You have eyes on them?
- They're not down here.
Let's try up there.
What?
Your communicator. You obviously
can't be trusted with it.
Do you know how to
fly this thing?
Uhh, we'll see.
That's a 'yes or no' question.
Yes.
That's what I'm talking about.
We got a stowaway.
Hang on, Goose.
Goose.
Who's a good kitty, huh? Huh, Goose?
Yes, that's right. Who's
a good kitty, Goose?
- You the good kitty.
- See anyone you know?
Funny story...
I arrived on Hala,
near dead, no memory...
That was six years ago.
So you think, you're the pilot
that went down with Dr. Lawson?
I'm saying the last person to see
them alive could probably tell us.
- Maria Rambeau.
- So how do we get to Louisiana?
Due east. Hang a
right at Memphis.
That agent...
That stopped the Skrulls
from finding us...
Coulson. The new guy.
- I guess he doesn't hate me yet.
- Yeah, well. Give him time.

Whose side are you on?
You're good to go here til you recover, but
you and your family will need a new look.
- I could go back to being your boss.
- Please don't.
Come on. I love sporting
his beautiful blue eyes.
No way, you guys have the best eyes.
Don't ever change your eyes.
I'll help you find a home.
Finish what Mar-Vell started.
They can stay here
with us, can't they, Mom?
They won't be safe here, baby.
Auntie Carol is right.
They need their own home.
I'll be back before you know it.
Maybe I can fly up and
meet you halfway.
Only if you learn to glow,
like your Auntie Carol.
Or maybe I'll build a spaceship.
You don't know.
He doesn't.
Keep the Tesseract on Earth.
Hidden.
You're sure that's what
Marvel would want?
- Mar-Vell.
- That's what I said.
It's two words. Mar-Vell.
Mar-Vell.
Marvel sounds a lot better.
You know, like the Marvelettes?
Not ringing any bells?
Keep singing. Maybe
it'll come back to me.
I upgraded it.
Range should be, a couple
galaxies, at least.

Appendix 2 : Film Synopsis

Captain Marvel 2019 Film Synopsis

This film tells the story of a female superhero named Carol Danvers (Brie Larson), whose 2019 film was directed by Anna Boden and Ryan Fleck, who wrote the script with Geneva Robertson-Dworet, Nicole Perlman, and Meg LaFauve. The film is set in 1995 and features a female superhero named Vers from Starforce. Starforce itself is a military team from the Kree race of aliens with super-sophisticated technology. Vers is described as having amnesia and losing her identity, so she insists on knowing. Vers experiences many dreams that contain fragments of his past separately. She has a friend who always helps her named Yon-Rogg, a mentor and commander who tries to control Vers's power. Once upon a time, Vers was kidnapped by the leader of the Skrulls named Talos, an alien shapeshifter who became the enemy of the Kree people. He uses technology by entering Vers' memory to find a female scientist who is very smart. Vers clashes with the Skrulls so that both are stranded on Earth. Their presence on Earth attracts the attention of S.H.I.E.L.D. Agents, Nick Fury and Phil Coulson. Then they visited Project Pegasus at U.S. Air Force Headquarters. It is known that Vers is a pilot who died in 1989 ago. All this time, he was lied to by Yon-Rogg that he was from the Kree, and it was revealed that Vers' real identity was a woman named Carol Danvers who came from Earth. She used Carol to find the light-speed core. She had a plane crash with a scientist named Dr. Wendy Lawson. This film is about Carol's struggle to find her identity, conflicts, misunderstandings, wars, alien invasions, chases, airplane wars, and guns.
